WHO WE ARE

Egyptian Salt. Global Supply.

Salt Bridge Global supplies Egyptian salt products to distributors and commercial buyers across the United States, Canada and Europe. From premium Siwa Oasis rock salt for deicing and industrial applications to refined and specialty salts, we offer grades, grain sizes and packaging tailored to customer specifications.

Our Egyptian operations bring more than a decade of experience in salt production and worldwide exports. With our new office in New York, Salt Bridge Global is expanding its presence to provide closer customer support and coordinate supply for the US market.

Our operations team coordinates inland transportation, warehousing, bagging, port handling and shipping, including bulk-vessel chartering arrangements. Whether you need bagged products for distribution or bulk salt for seasonal demand, we work with you to match the product, packaging and shipment to your requirements.

SIWA OASIS, EGYPT

Naturally white salt from Egypt's Western Desert

Our rock salt comes from salt production sites in Egypt's Siwa Oasis, where it is harvested from naturally saline lakes and prepared for processing and shipment.

From lake to cargo

01

Harvest

Salt is lifted from the turquoise salt lakes of the Siwa Oasis.

02

Stockpile

It is stockpiled in the open, under the desert sun.

03

Wash, crush and screen

Washed, crushed and sieved to the grain size your application needs.

04

Pack and ship

Packed in 20, 40, 50 and 55 lb bags, palletized and shipped in containers, or kept loose for a bulk vessel.
